## Description

### This Sea Ray 320 OB 2019 Triple Engines, Fully Loaded with Sunroof and Priced to Sell!

The Sea Ray 320 OB is a power boat that combines the characteristics of a cruiser and a sport boat. It is at once a comfortable and fun boat to drive, a welcoming entertainment platform with multiple social zones for guests, and a capable overnighter for weekend excursions away from the home dock.

The Sundancers have always been a popular lineup for Sea Ray, but adding another gathering area to the bow while not sacrificing lower deck functionality makes this version even better, the ingenious Mercury joystick steering system, which is mounted directly below the throttle and is enormously helpful when manoeuvring in the harbour. With a little practice, If you push the joystick to port, for example, the engines are folded apart under electronic control. Two motors push the stern to port, while one motor acts in the opposite direction to stabilise it, so that the stern does not turn but the entire boat moves sideways.

The system is also equipped with the Mercury Skyhook, a GPS-controlled, digital anchor that holds the boat exactly in place at the touch of a button while the crew clears lines, hauls in fenders.

Sea Ray has been in the game since 1959, and knows how to make a quality product. The Sea Ray Sundancer 320 is a great example of this multi-generational pedigree, showcasing an original concept, excellent design and solid construction in one great package. It is more than buying a boat; it's embracing a lifestyle. Every Sundancer is engineered to be agile, responsive and as powerful as you want it to be. Inspired Design. Effortless Performance. Meticulous Craftsmanship. Largest Dealer Network.

## Information & Features

### Mercury V8 (Engine 1)

Engine Type:	<b>Outboard</b>	Power:	<b>250 hp</b>
Fuel Type:	<b>Gas/Petrol</b>		
Engine Hours:	<b>420</b>
