## Description

### 2022 Midnight Express 43 Solstice

#### Performance

Talk about speed and efficiency! This Solstice when it's got those Quad Mercury Racing 450R engines purring, can really haul. We're talking speeds, up to 80 MPH, and it's not just about the power; she's got some impressive fuel efficiency to boot due to its light weight.

And let's not forget, Quint knows what's up when it comes to that legendary 2 lever throttle setup. They practically wrote the book on it. But if you really want to push the limits, opt for the Quint Mercury Racing 450R package, and you're in for a wild ride. We're talking 90 MPH and beyond for the 43' Solstice. That's some serious speed right there!

#### Layout

When you've had enough sun and fun, step inside this beauty's luxurious cabin. It's your cool and comfy getaway with a versatile v-berth that can change from a cozy U-shaped seating area with a table into a comfortable bed for those well-deserved naps.

And that's not all! You've got a full galley, complete with a fridge, sink, and the option for a microwave and TV for all your snacking and entertainment needs. Plus, there's plenty of storage space, so you can pack everything you need for your adventure.

No need to worry about bathroom breaks because there's an enclosed head in there too. Now, for the ultimate outdoor relaxation, check out the new wrap-around forward lounge seat. Hit a button, and those sunlounge headrests pop up. Or spread out and have a meal on the fully flushed table, which can even transform into a huge sunbed when you add the filler cushion.

And when it comes to seating, you've got options – single or double helm seats, a summer kitchen customized to your liking, or an extra seat facing the rear. There's also a spacious rear U-seat that stretches across the entire beam of the boat. You can bring the whole gang along for the best day out on the water, no problem!

#### Design

This 43' Solstice is all about style, it's like nothing you've seen before, both inside and out. The extended console has been given a fresh makeover, and you can just feel the luxury oozing from every corner.

But here's the best part – you get to make it your own. Personalize every inch of this beauty to match your unique taste. We're talking about custom paint jobs that'll make heads turn, upholstery choices that scream your personality, and even the flooring and details, all designed just the way you like.

The 43' Solstice is more than a boat; it's a canvas for your vision.
